## Education

IIT BHU(VARANASI)

8.8 CPI

B.Tech CSE

GOMATHY EM SCHOOL

96.6%

CBSE(12TH)

NARAYANA EM HIGH SCHOOL

10 G.P.A

SSC(10TH)

## Skills

|       |            |            |        |       |
|-------|------------|------------|--------|-------|
| C/C++ | Python     | Django     | My SQL | HTML5 |
| CSS   | JavaScript | Linux/Bash | C#     | React |

## Experiences

JLR TBSI  
INTERNSHIP

- Developed a **tree view for ARXML files**, reducing file management time by **30%**
- Implemented log analysis with **Google Protobuff**, improving data processing by **25%**
- Built an ARXML merger tool,streamlining the integration of multiple data sources.
- Exposure: **C#,WPF**

## JGEC Winter of Code

Ranked in the **top 20** in JWOC, contributing to **open-source** front-end development projects.

## Projects

BATTERY AND HEATING DATA IN REAL DRIVING CYCLES

🔗 [https://github.com/thesri/Soc\\_prediction](https://github.com/thesri/Soc_prediction)

- Conducted load fluctuation analysis in high-voltage EV batteries using a validated model from **72 BMW i3 trips**
- Evaluated auxiliary consumers' impact on vehicle range, improving energy efficiency by **15%**.
- Incorporated a dataset for summer and winter conditions, enhancing model accuracy and robustness.
- Exposure:** Utilized LSTM and GRU algorithms in Python for AI project development.

PICSHARE(Under Prof. Amrita Chaturvedi)

🔗 <https://github.com/kanika61/picshare.git>

- Developed a Django web application for capturing memories, enabling users to add, edit, delete photos.
- Implemented a sorting feature for photos by category, enhancing content organization and user experience.
- Included functionality for users to add short descriptions and tags to their photos.
- Exposure: Django, HTML, CSS, MySQL, Bootstrap

Exploratory project(Under Prof. Dr. Ravi Shankar Singh)

- Optimally distributed workload in cloud computing using heuristic and meta-heuristic algorithms. Applied Particle Swarm Optimization (PSO) to minimize execution cost, improve efficiency, and compared performance with HEFT. Simulated the workflow environment over WorkflowSim.
- Exposure**-Java, Scheduling Algorithms, Cloud Computing, Workflows, WorkflowSim

## Awards

- Achieved a top position in JEE(Adv) 2021 among over 200,000 shortlisted students.
- Secured a notable placement in JEE Mains 2021 among more than a million participants.
- Secured Rank **350** in AP-Eamcet 2021 among **2.5 lakh students**.
- Secured Rank **627** in TS-Eamcet 2021 among **2.6 lakh students**.

## Position of Responsibility

- Symphony Publicity Coordinator: Managed **publicity** and promotions for **IIT BHU's Symphony'22** cultural event.
- Induction Mentor for SCS, guiding freshers in adapting to college and its activities.
- Guided freshers during AAGMAN'21, an cultural event organized by the Indian Music Club at IIT BHU.

## EXTRA-CURRICULAR Activities

- Accomplished Kuchipudi dancer; participated in a national record event with the **WONDER BOOK OF RECORDS**.
- Performed solo and duet pieces at AAGMAN'21, showcasing skills in **Carnatic music** and trained in **Veena**
- Member of publicity for Symphony'23 at IIT BHU; participated in "Bohemian Rhapsody" at Cultrang 2022
- Finalist in the "SHE" event, encompassing presentations and debates, organized by PAHAL during Technex'23
